Vending for life

Mistral B

Cold drinks

The glass fronted Mistral B further enhances AZKOYEN 's market leading portfolio of can and bottle vending machines.

An attractive door design, illuminated display and clarity of product help to maximise impulse purchases and have a proven record of increasing sales volumes above those from closed fronted can vendors.

The Mistral B can also operate as an individual machine with a payment module or be connected to a Mistral H snack unit or an AZKOYEN hot drinks unit.

ATTRACTIVE DESIGN:

- Large illuminated product display maximising impulse purchases. Up to 70 selections.
- Excellent unit dimension/product capacity ratio.
- Able to dispense 600 and 750 cc bottles.

MODULAR CONSTRUCTION:

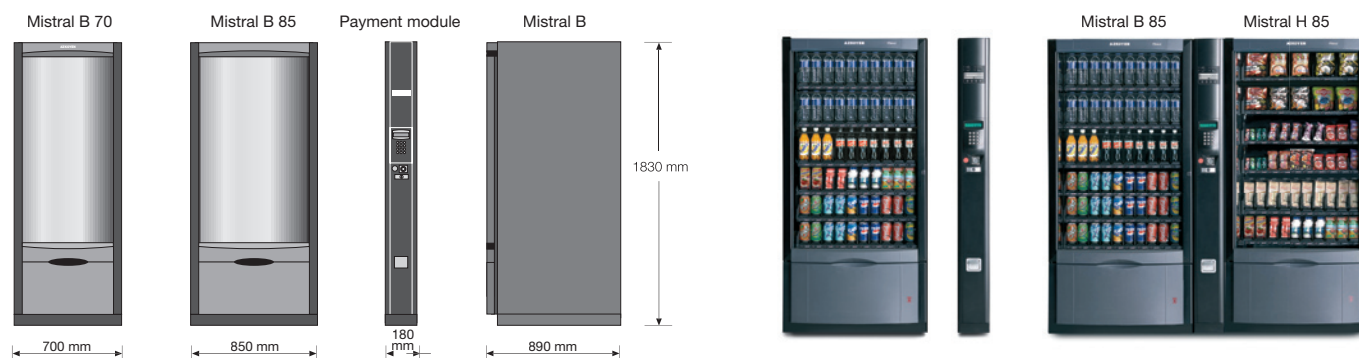

- Potential to increase or reduce the number of modules in an existing display, operating independently with a payment module or being connected to a Mistral H snack unit or an AZKOYEN hot drinks unit.
- Payment module prepared for EXE and MDB. Compatible with bank note readers and cashless systems (keys, cards etc...)

EASY INSTALLATION AND MAINTENANCE:

- Easily configurable shelves which can be removed for easy loading. Shock absorbing top 2 shelves after loading.
- All components including the refrigerating unit are accessible from the front of the machine.
- The B85 Mistral is prepared for a door clearance of 70 cm, using the top and bottom cut outs of the machine.
- Easy to configure units and easily programmable.

RELIABLE AND ROBUST:

- AZKOYEN's guaranteed vend system 'i-Detect' reduces vandalism and offers assurance to the end user.
- 6 fixing points on the payment module. Module door fits into payment unit.
